OVERLAMINATING FILMS

A comprehensive range of premium quality films, designed for the over **lamination, protection and aesthetic enhancement** of printed media.

Why you should over laminate your graphics?

- _ To extend the working life of your product in outdoor conditions;
- _ To protect your vehicle graphics and paintwork against chips and abrasion caused by stones etc.
- _ To improve the aesthetic of your graphics or to give it a particular finish;
- _ To protect your finished product from graffiti, allowing the possibility to completely clean the material in a fast and economic way;
- _ To protect your graphics from scratches or time deterioration.
