

Clear and white self cling films that adhere to glossy surfaces, with no adhesive layer that can transfer to or damage sensitive substrates.

SHEETS STATIC CLING

High Gloss Self Cling Vinyl

Unique high gloss clear and white static vinyl that will **adhere and reposition many times securely** from gloss surfaces without the need for an adhesive, thanks to a special formulation of the vinyl, to which a large amount of plasticizer has been added.

Seasonal graphics

For window graphics and novelty applications: ideal for the manufacture of children's "sticker" books, but also perfect for glass decoration, advertising decals and vehicle window emblems, graphics etc.
