

ORIGINAL AND STAND OUT WINDOW DECORATIONS

A comprehensive range of films for window graphics, designed for the aesthetic improvement of exteriors and interiors windows.

WINDOW GRAPHICS

Super clear effect

A series of vinyls and polyester films with a removable adhesive, designed for the **aesthetic improvement of exteriors and interiors windows**. The materials in the clear version, coated with a super clear adhesive, leave the unprinted area of the film as clear as the window, without the need to cut around the graphics.

Wet application

All the materials of this range can be **wet applied for an easier application**, thanks to the solvent based acrylic adhesives. The range performs excellent print results with UV, solvent and eco-solvent ink-jet printing.

Clean removability

All the adhesives have a very high cohesion, so **the display can be cleanly peeled off the glass surface without leaving any adhesive residue**.

WINDOW GRAPHICS
