

SCHREINER PREFERRED SUPPLIER: RITRAMA WINS FOR THE THIRD TIME THE SCHREINER GROUP AWARD.

Caponago, 4th June 2018 –Ritrama has been awarded for the third time the prestigious "Schreiner Preferred Supplier" award as part of the "Preferred Supplier" programme. The award - organised by the German leading company specialised in industrial printing of film products in sectors such as pharmaceutical, logistics, electronics and *automotive* - is given to the supplier who has stood out for quality, logistics, service and cost.

This important award was presented during a ceremony held last April at the Spanish headquarters of Ritrama, near Barcelona. In the presence of the technical team, the sales team, the **general manager of Ritrama Spain, José Luis Cester**, quoted: *"It gives me great satisfactions to receive this award for the third time on behalf of the whole community of Ritrama. On these occasions, it comes out loud and clear the hard work and commitment of our team, so I am immensely proud for this prestigious award and I truly believe the Staff of Ritrama deserves all the credit for it."*

Positive comments and encouragement also came from **Norbert Kreitmeir, Schreiner Group's team leader in raw materials purchasing**: *"The entire Ritrama team does an excellent job every day to ensure maximum service and satisfaction for the Schreiner Group. A commitment that we expressly want to honour with this important award. Promptly, Ritrama has always understood and met our requirements and those of our customers. This is why Ritrama has been awarded for the third time, earlier in 2014 and 2016 and why we have been working together for many years."*

In these years of partnership and long-lasting collaboration, in which the two companies have always shared the same values and attitudes, Ritrama is mainly involved in the supply of self-adhesive materials film products specifically developed for pharmaceutical, medical and industrial applications.

ABOUT SCHREINER GROUP

Schreiner Group GmbH & Co. KG is an internationally active German family-owned business operating in the printing and film-converting industry. The company offers tailored products, solutions and services for the pharmaceutical industry and medical technology, logistics, mechanical engineering, the electronics and automotive industries. In addition, Schreiner Group's customer base includes banks and government agencies. The product portfolio encompasses innovative specialty labels, including self-adhesive functional components, RFID labels, printed electronics, and security solutions for product, brand and document protection. Schreiner Group employs more than 1,000 people around the globe, generating annual sales of more than 160 million euros, and is headquartered in Oberschleissheim near Munich (Germany). Schreiner Group's high-tech labels are also produced in Blauvelt (New York, USA) and in Fengpu (Shanghai, China). The company's facilities extend across a total area of 70,000 square meters. The high-tech company's identity is shaped by four core values: Innovation, Quality, Performance and Enthusiasm.

ABOUT RITRAMA

Founded in Italy in 1962 Ritrama, an Italian multinational company, is the leading independent supplier of self-adhesive material in Europe and one of the worldwide key players. With more than 1000 employees and 24 facilities located throughout the world, it is considered the largest family-owned company in the self-adhesive industry. Ritrama offers a wide range of products grouped into five divisions - Roll Label, Graphics, Offset Sheets, Industrial and Polijibra. Coating sites and R&D departments are located in Europe, America (North and South) and the Far East. A modern centralized logistics platform is located in the Headquarters in Caponago (near Milan). Ritrama materials are applied in countless highly specialized and commodity industries such as visual communication, food, pharmaceutical and wine labelling, offset and screen printing, industrial labelling and anti-counterfeiting. The Ritrama group has an extensive network of distributors present all over the world to ensure a local "just in time" delivery of the products.
